

Festa della Donna

Tuesday March 8, 2011

In honor of International Women's Day, La Cucina presents Festa della Donna - an evening dedicated to the celebration of women.

On a day which can go by unnoticed in North America, our wish is to truly recognize its importance. Perhaps no other country celebrates this day quite like Italy, from the traditional gift giving of yellow mimosa flowers to the practice, quite remarkable in Mediterranean culture, of men serving women. In the past women have been the heart of the kitchen, providing sustenance and nourishment for their loved ones. On this night the table is turned as we invite women only as our guests.

Join us at the ending of our winter season, when we bring to the kitchen the tastes of Northern Italy including Aosta, Emilia-Romagna, Lombardia, Piemonte, Trentino Alto Adige and Veneto. Sit down to a traditional five-course tasting dinner created by Chef Luca Selvaggi. Finish the evening with a gift of mimosa flowers directly from Italy... "Viva la Donna."
